

9. EUROPEAN CHAMPIONSHIP ROTTENDORF - 2018

As every year, the competition team of the martial arts academy Samurai-Go-Nin-Dojo and the martial arts academy Markt Schwaben - with 10 children and adolescents also competed at the European Championship 2018 in Rottendorf.

The head coach Antonino Marchese and Richard Belak and Michael Greisinger came to the event as a point and referee.

This year's competition team consisted of 50% "newcomers". Sensei Carolin Mantel has been successfully coached by the youth black belt Antonia Hohler, who has an excellent ability to assess through her years of competitive experience.

The team showed their skills in the disciplines Kata (individual and team), Waffenkata, self-defense and Kumite.

While only 2 team members at Waffenkata and - due to age - also only 2 in self-defense competitions, this time all (!) Members of the competition team started for the first time in kumite.

After a long, eventful day of competition, the team returned home happy and exhausted with 20 trophies for places 1 - 3 and numerous medals.

We thank Bekim Nuhija for the - as always - excellently organized event and are already looking forward to the next championship among longtime friends and acquaintances.

The head coach is very proud of the visibly good training of his Dan-carriers, but above all, we are all proud of our successful karate kids! Keep it up!!!
